

LEADING LIGHTS

ILLUMINATING THE DESIGN AND BEAUTIFUL STYLISH TOUCHES OF YOUR HOTEL IS CRUCIAL IN MAKING YOUR **GUESTS FEEL AT HOME**. THE LIGHTS YOU CHOOSE HAVE THE REAL POTENTIAL TO BECOME AN INTERESTING TALKING POINT AMONG CREATIVE CUSTOMERS, SO MAKE SURE YOU DAZZLE THEM WITH QUALITY FIXTURES AND FITTINGS TO ENSURE THEY FIND THEIR WAY BACK TO YOU TIME AND TIME AGAIN.

SWITCH ON THE STYLE

← Sometimes finishing touches that matter and lighting controls can get overlooked. Focus SB offers a range of great switches and sockets and the company's bespoke service means you can include the controls you need to suit your look and brand.

Choose between rocker, dimmer, dolly and push-button switches to control lighting and black or white socket inserts. Metal plates can be manufactured in any size and configuration and can include international power sockets and USB charging ports.

A large range of styles and finishes are available. Match with Focus SB's standard switch plates for a consistent look throughout your interiors.

LOOK AT YOUR REFLECTION

→ The impressive Reflector table lamp from Chelsom comes in brushed brass or satin copper with satin black definitions. It launches on May 12 as part of Chelsom's upcoming new lighting collection, Edition 25. The wider range also includes floor and wall variants, the latter of which is available in two sizes and can also be used as a flush mounted ceiling fitting. Warm white LED light in the central housing glows back off the faceted reflector plate for a dramatic, yet subtle light effect. Table lamps are operated by a rotary dimmer switch while the floor lamp has a foot operated dimmer switch.
