

## AI Decorative Lighting

placed Ascent floor lamps and a Lex table lamp.

In the Sir John Soane Suite there is a fantastic cathedral room with a beautiful vaulted beamed ceiling; a perfect place for two Carisbrooke 18lt chandeliers which are made in the Elstead factory in Alton. Elstead also placed Remy wall fittings and many table lamps including Libero Silver; several designer mirrors and Gianna chandeliers in the beautiful corridor that leads to the state drawing room. The finished look is stunning.

Chelsom lighting have recently created a custom decorative lighting scheme for the transformation of Sanderson in London.

Celebrating 15 years in London, Morgans Hotel Group unveiled newly designed guestrooms for the iconic Sanderson hotel as created by Tim Andreas of Banjo Ad Inc.

Paying homage to the original ethos by connecting concepts of baroque and minimalist, Sanderson's redesigned guestrooms are luxurious whilst enhancing residential comfort and functionality.

*Plated in a bespoke Gold Chrome finish, the bedside fittings feature circular multi-directional LED heads with integral switches and adjustable arms to give directional and ambient light to the bedside.*

Working in collaboration with the interior design team at Banjo Ad Inc, Chelsom's lighting scheme worked wonderfully. The brief stipulated that the lighting products must work seamlessly with all elements of the guestroom design and as such Chelsom collaborated closely with the case goods manufacturer to incorporate the multifunctional bedside reading lights into the glass topped nightstands to create a beautifully designed stand-alone piece. Plated in a bespoke Gold Chrome finish, the bedside fittings feature circular multi-directional LED heads with integral switches and adjustable arms to give directional and ambient light to the bedside. Bespoke pendants were also created to supplement the guestroom and bathroom lighting featuring heavy clear crystal globes with deep spiral hand cutting. lit with eco-friendly halogen lamps
