King's Entertainment and Hotel Center

This year a new extension of the King's Entertainment and Hotel Center has been completed by the client Vestar Group.

Archina Design with main architect Ivo Nahálka have created a complete architectural and interior design of both parts, 5 stars hotel with 230 rooms and new Casino. The source of the inspiration for the interior design of the Casino has been the Fabergé eggs and each piece of the interior is piece of the Artwork, produced by a Czech glass company.

The main theme of the Fabergé eggs is flowing also in the style of the hotel rooms interior. Main architect Ivo Nahálka with his wife Libuše and shole team of Archina Design has created a very unique design of the King's Entertainment and hotel complex, which becomes the largest one in Europe.

Chelsom celebrates 70th anniversary

Chelsom, leading designer and manufacturer of decorative lighting for the global hospitality and marine sectors, celebrates 70 successful years in business...

Chelsom was founded by Reg and Kay Chelsom in 1947 and began trading as an antique shop in Blackpool under the name 'The Golden Age'. Soon progressing to three shops, they began to manufacture reproduction period lighting which they distributed to retailers and interior designers throughout the UK. Robert Chelsom took over as CEO in the 1970's and led the company to the forefront of the hospitality lighting industry. Current Managing Director, Will Chelsom, joined the company in 2006 and has been instrumental in driving the Export division and diversifying into the marine sector.

Innovative in-house designs, high-quality manufacturing and excellent service levels have contributed towards winning prestigious projects in more than 70 countries across the world, which in

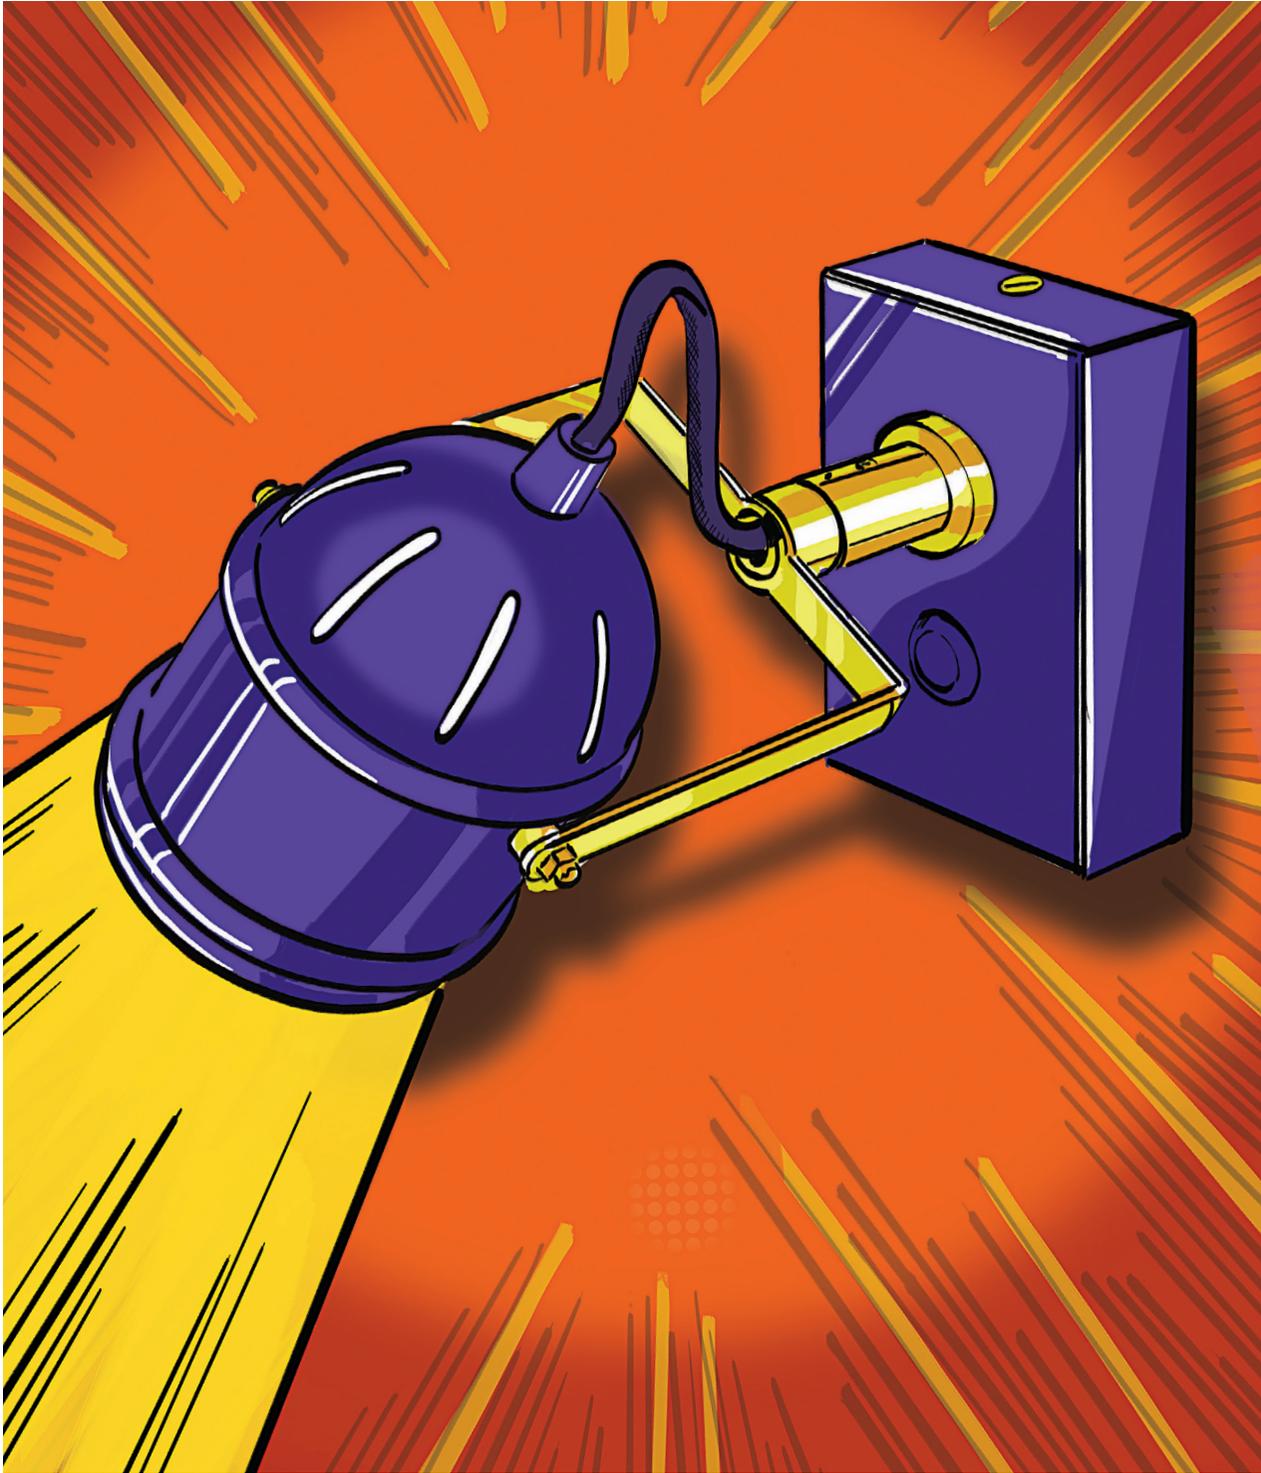

turn led to Chelsom being awarded the prestigious Queen's Award for Enterprise in International Trade in its seventieth year. Exports now account for around 40 per cent of all sales and Chelsom has built an exceptionally strong client base including major hotel operators such as Four Seasons, Mandarin Oriental, Starwood, Hilton, Accor, Marriott and on the marine side, Royal Caribbean Cruise Lines, Crystal Cruises, Carnival Cruise Line and Norwegian Cruise Lines.

Robert Chelsom, Chairman, said: "I am thrilled that Chelsom is celebrating 70 years as a family business and as we enter our seventieth year I am delighted to be working alongside my son. Will represents the third generation of the Chelsom family involved in the business and with his ideas for growth, understanding of the industry and a genuine passion for what he does,

I am certain Chelsom will be celebrating many more anniversaries like this."

Will Chelsom said: "It's a real achievement to be celebrating our seventieth anniversary this year and still be able to call ourselves a genuine family business. We are also incredibly proud to be able to commemorate this anniversary with the news that we have been awarded the Queen's Award for International Trade. Not only does the award acknowledge the dedication and passion that every employee has shown in helping to drive the business forward internationally, but it is fitting recognition that this third-generation family business is now at the forefront of the industry thanks to a combination of our product designs, sales strategies and ultimately all the accompanying hard work by every member of the team."
